

VideoReals | The Mini Studio – Build Sheet

One desk, one afternoon. Tape it to the monitor. Everything here is in the guide at ministudio.videoreals.com.

1 • The kit

You already have	Optional
☐ A computer, ideally two screens ☐ A 1080 webcam ☐ OBS Studio — free, obsproject.com	Shure MV7+ mic \$299 · Logitech MX Brio \$200 · Light \$100 · Stream Deck Mini \$60 · Green blanket \$20 — \$679

2 • OBS video settings

Settings -> Video	
Base (Canvas) Resolution	1920x1080
Output (Scaled) Resolution	1920x1080
Common FPS Values	30

3 • Your banner

Make it:	ministudio.videoreals.com/build		
In OBS:	Sources -> + -> Browser		
	URL = your link	Width 1920	Height 1080
	[x] Refresh browser when scene becomes active		

4 • Stream Deck Mini — 6 keys

Key 1	Scene · intro card	Key 4	Scene · map to the store
Key 2	Scene · you on camera + banner	Key 5	Record · start / stop
Key 3	Scene · the vehicle or the offer	Key 6	Scene · the close

No Stream Deck: click the scenes in OBS, or set **Settings** → **Hotkeys** → **Switch to scene**.

5 • On camera — eight things

1. Hands in frame inside ten seconds	5. Pause instead of “um”
2. Loose shoulders	6. End sentences going down
3. Rest your eyes on the lens	7. Their name at the top and the close
4. Drop your eyebrows	8. Say the car before you say who you are
